Summer 2020

LATEST NEWS

CSI continues support of the Behavioral Health Consortium

CSI has returned (virtually) to Delaware to continue our support of the Behavioral Health Consortium and its focused commitment to mental and behavioral health, and harm reduction regarding mental health needs, especially related to substance use disorder. BHC Committees target social determinants of health, policy and stigma reduction to change the state's capacity to reduce incidence and deaths related to conditions that affect wellness. Lieutenant Governor Bethany Hall-Long, Chair of the BHC, describes the state's experience with COVID as a new and significant factor in increased anxiety and stress for many people, and expects increased need for integrated mental and behavioral health approaches across the state.

CSI's President Mary Kane is working with the BHC team to accelerate action, provide structure for data development and use, and support the work of the Committees for progress on BHC's goals in this year's plan.

BACK TO SCHOOL

We've recently completed instruction of our first set of new online GCM training programs. Attendees felt the instructors were "knowledgeable" and the courses were "incredibly informative." Now we're gearing up for the Back to School season. Even though Back to School means different things, especially this year, **we are ready to support your research.**

- **Getting to Know GCM & groupwisdom™** - A free 1-hour introduction to GCM and groupwisdom™
- **Web-based GCM Design & Practice** - The fundamental course on designing and implementing a GCM project
- **Advanced Training Series** - An in-depth lecture series exploring key GCM topics

Learn more about these classes and register at:

[Web-based GCM Trainings](#)

Looking for the fast track?

Take a complete set of GCM classes--beginner through advanced--and start your project by October!

It's easy as 1-2-3

1. **Getting to Know GCM & groupwisdom™** - August 26
2. **Web-based GCM Design & Practice Course 1** - Sept. 10 - Oct. 6, (T/Th)
3. **Advanced Training Series** - October 8, 13, and 15

Recommended path to complete the full set of courses ASAP.
